Interesting Table Respecting the Income Tax.

NAMES OF PROMINENT PAYERS.

THE SPECIAL WAR TAX.

Ac., Ac., Ac.

We give a few several interesting facts relative to the internal revenue which show that, as a measure of raising money, it has not been by any means insignificant.

The various collectors and assessors represent that their business is now working quite smoothly, and that they find their returns constantly on the increase.

The figures which we supply are necessarily incomplete, and of different characters in the various districts, owing to the difficulty experienced in examining and the want of uniformity in the method of keeping the books.

Notwithstanding these facts, they will be found to supply some interesting statistics which will, doubtless, be welcome to the general public.

We give the statement of the various districts in numerical order, as follows:

FOURTH DISTRICT.

This comprises the Third, Fifth, Sixth and Eighth wards. Mr. John Mack is the collector, and Mr. P. C. Van Wyck the assessor. In this district the income tax is comparatively small, amounting to less than \$125,000.

The following are the collections since 1862:

Table with 2 columns: Month, Amount. Rows for October 1862, November 1862, December 1862, January 1863, February 1863, March 1863, April 1863, May 1863, June 1863, July 1863, August 1863, September 1863, October 1863, November 1863, December 1863, January 1864, February 1864, March 1864, April 1864, May 1864, June 1864, July 1864, August 1864, September 1864, October 1864, November 1864, December 1864, January 1865.

Total collection for December, \$6,202,652.

SEVENTH DISTRICT.

The Fifth district, comprising the Seventh, Tenth, Thirteenth and Fourteenth wards, is under the direction of Assessor George T. Bellows. We are indebted to Mr. John R. Nelson, chief clerk of the Assessor, for the following facts relative to the state of affairs in this district.

It is, generally speaking, a poor district, and the incomes of residents are for the most part under ten thousand dollars. The highest return for 1863 was \$40,967, which was made by a wealthy old gentleman, who made most of this money in the ice cream business, having kept what was once called the New York Garden in Broadway, on the site of the store now occupied by Beck's dry goods establishment. The names of the prominent taxpayers are withheld for the present by the Assessor until official directions are received from Washington.

The highest returns, besides the one already mentioned, are as follows:—In Seventh ward, \$21,992 and \$11,000; in Tenth ward, \$21,992 and \$11,000; in Thirteenth ward, \$21,992 and \$11,000; in Fourteenth ward, \$21,992 and \$11,000.

We give below a condensed report of the assessments in the district for the year ending June 30, 1864, and the amount of special income assessed, as contained in the Assessor's list, given to the Collector on the 1st of December, 1864:
